- m) Report of the Education Committee
- n) Report of Nominating Committee
- o) Election of Auditor
- p) Election to fill vacancies of the Oversight Committee
- q) Election to fill vacancies of the Board of Directors
- r) Rule amendments (if any)
- s) Any other business
- t) Announcement of election results
- u) Adjournment or close of meeting.

There will be 1 vacancies on the Oversight Committee to be filled.
There will be 3 vacancies on the Board of Directors to be filled.

Rule Amendments

Rule 30 (1)(a)

A copy of the rule can be obtained on request

Dear Members

It's my privilege to once again address you on behalf of the board of directors to present to you our annual report and accounts for the year ended 30th September 2023.

Sheephaven credit union has seen a very strong year with the credit union achieving a surplus of €337,537 after a deficit in the year previous due to the staff pension shortfall this is in no small part due to excellent staff and management.

This means the board of directors are pleased to propose the payment of 0.25% dividend to all members and also an increase to the regulatory reserves.

This growth in the income is down to listening to you the members and creating board strategy in introducing new loan products that suit member needs plus and an increase in returns from our investments.

I would like to take this opportunity while addressing you to warn you to be vigilant of the continued risk of cyber security. Unfortunately, with the times we live in there is a high risk of people trying to access your information. Please do not give any information out over the phone in messages or in emails and if at any time you think anybody might have stolen or accessed your information contact either of the offices as soon as possible.

SO, STOP AND THINK BEFORE YOU CLICK ON ANY LINKS.

On behalf of the board, I would like to thank our dedicated staff without whom the credit union wouldn't function. Our staff is what sets us apart from other financial institutions and our manager who is committed to ensuring that Sheephaven credit union is one of the best.

I would also like to thank my fellow directors, the board of oversight and our many other committees all made up of volunteers in our common bond without whom Sheephaven credit union could not exist. All these people give their time freely to the credit union to ensure its success.

Lastly, I again thank you the members for your continued support and confidence you have placed in Sheephaven Credit Union as you are the link that keeps us going and growing for the years to come.

I wish you all good health and happiness over the next year.

Edward McGettigan
Chairperson.

Directors Report

The directors present their annual report and the audited financial statements for the financial year ended 30th September 2023.

Principal Activities

The principal activities of the credit union are the provision of savings and loans to members in its common bond. The credit union manages its members' shares, capital and loans to members so that it earns income from the margin between interest payable and interest receivable.

Business Review

The directors are satisfied with the year-end financial position of the credit union, even after taking into account the difficulties faced in the current year and increased levels of expenditure incurred. The directors are aware of the financial constraints facing members' and therefore the increased difficulties collecting debts in a timely fashion. The directors however are of the opinion that the credit union is well positioned to meet these challenges and are confident of its ability to continue to operate successfully in the future.

Results and Dividends

The excess of expenditure over income for the year is set out in the Income and Expenditure Account on page 8.

The directors recommend payment of a dividend of 0.25% for the year ended 30th September 2023. Details are shown in Note 6 to the accounts.

Principal Risks and Uncertainties

The principal risks and challenges facing the credit union are summarised as follows:

- Members' defaulting on loans
- Not lending a sufficient proportion of funds so that too much of the credit unions resources are tied up in investment products
- Poor performance of investments
- The risk of not having sufficient cash resources to meet day to day running costs and repay members savings when demanded.

The credit union board are fully aware of the principal risks, monitors these constantly and strives to minimise all risks and handle prudently those residual risks over which it has little control.

Auditors

The auditors, SMC Chartered Accountants Ltd, have indicated their willingness to continue in office in accordance with the provisions of Section 115 of the Credit Union Act 1997, as amended.

This report was approved by the board on 16/11/2023 and signed on its behalf by

Edward McGettigan
Chairperson

David Ladley
Secretary

Statement of Directors' and Board Oversight Committee's Responsibilities

for the year ended 30th September 2023

Statement of Directors' Responsibilities

The Credit Union Act 1997, as amended requires the directors to prepare financial statements for each financial year which give a true and fair view of the State of Affairs of the Credit Union and the Income and Expenditure Account of the Credit Union for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Credit Union will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Credit Union and to enable them to ensure that the financial statements are prepared in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland, including the standards issued by the Financial Reporting Council, and in particular FRS102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". They are responsible for safeguarding the assets of the Credit Union and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the Board of Directors

Edward McGettigan
Chairperson

David Ladley
Secretary

Date: 16/11/23

Statement of Board Oversight Committee's Responsibilities

The Credit Union Act 1997, as amended requires the appointment of a Board Oversight Committee to assess whether the Board of Directors has operated in accordance with Part IV, Part IV (a) and any regulations made for the purposes of Part IV or Part IV (a) of the Credit Union Act 1997, as amended and any other matter prescribed by the Central Bank in respect of which they are to have regard in relation to the Board.

Eamon McGinley
Chairperson

Independent Auditors' Report to the Members of Sheephaven Credit Union Limited

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Sheephaven Credit Union Limited for the year ended 30th September 2023, which comprise the Income and Expenditure Account, Balance Sheet, Statement of Changes in Reserves and Cash flow Statement and notes to the financial statements, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

In our opinion the financial statements:

- give a true and fair view of the state of the Credit Union's affairs as at 30th September 2023 and its income and expenditure and cash flows for the year then ended;
- have been properly prepared in accordance with FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been properly prepared in accordance with the requirements of the Credit Union Act 1997, as amended.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Credit Union in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Credit Union Act 1997, as amended

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion proper accounting records have been kept by the Credit Union, and
- The financial statements are in agreement with the accounting records.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Credit Union's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Credit Union or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and

are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Further details relating to our work as auditor is set out in the Scope of Responsibilities Statement contained in the appendix of this report, which is to be read as an integral part of our report.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Credit Union's members, as a body, in accordance with section 120 of the Credit Union Act 1997, as amended. Our audit work has been undertaken so that we might state to the Credit Union's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Credit Union and the Credit Union's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Appendix to the Independent Auditors' Report

Further information regarding the scope of our responsibilities as auditor

As part of an audit in accordance with ISAs (Ireland), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Credit Union's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Credit Union's ability to continue as going concerns. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Credit Union to cease to continue as going concerns.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

for the year ended 30th September 2023

1. Legal and regulatory framework

Sheephaven Credit Union Ltd. is established under the Credit Union Act 1997, as amended. The Credit Union is registered with the Registrar of Credit Unions and is regulated by the Central Bank of Ireland. The principal place of business is Carrigart, Co Donegal with a sub-office in Creeslough, Co Donegal.

2. Accounting policies

2.1. Statement of compliance and basis of preparation

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102").

The financial statements have been prepared on the historical cost basis.

2.2. Currency

The financial statements are prepared in Euro, which is the functional currency of the Credit Union. Monetary amounts in these financial statements are rounded to the nearest Euro.

2.3 Going concern

The financial statements are prepared on the going concern basis. The directors of Sheephaven Credit Union Ltd. believe this is appropriate as the Credit Union:

- Is generating annual surpluses;
- Maintains an appropriate level of liquidity; and
- Have reserves that are currently above the minimum requirements of the Central Bank.

2.4 Income

Interest on members' loans

Interest on loans to members is recognised using the effective interest method, and is calculated and accrued on a daily basis.

Investment income

The Credit Union currently only has investments that are valued at amortised cost, and use the effective interest method to recognise investment income.

Other income

Other income such as commissions receivable on insurance products and foreign exchange services arises in connection to specific transactions. Income relating to individual transactions is recognised when the transaction is completed.

2.5 Dividends to Members

Dividends on shares and loan interest rebates

Dividends are made from current year's surplus. The Board's proposed distribution to members each year is based on the dividend and loan interest rebate policy of the Credit Union.

The Board in determining the level of distribution considers its ongoing operating expenses, capital requirements and financial risks. Dividends are accounted for when

members ratify such payments at the Annual General Meeting. No liability to pay a distribution is recognised in the financial statements until the majority of members vote at the AGM.

The rate of dividend and loan interest rebate recommended by the Board will reflect:

- the risk profile of the Credit Union, particularly in its loan and investment portfolios;
- the Board's desire to maintain a stable rather than a volatile rate of dividend each year; and
- members' legitimate dividend and loan interest rebate expectations;

all dominated by prudence and the need to sustain the long-term welfare of the Credit Union.

2.5 Dividends to Members (continued)

For this reason the Board will seek to build up its reserves to absorb unexpected shocks and still remain above minimum regulatory requirements.

The Credit Union accounts for dividends and rebates of loan interest when members ratify such payments at the Annual General Meeting.

2.6 Taxation and Deferred Taxation

The Credit Union is not subject to income tax or corporation tax on its activities as a Credit Union.

2.7 Cash and cash equivalents

Cash and cash equivalents comprise operating cash on hand and cash deposited with banks with original maturity of less than or equal to three months.

2.8 Financial instruments

The Credit Union has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments. Financial instruments are recognised when the Credit Union becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when, and only when, there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Financial assets and liabilities are classified according to the substance of the contractual arrangements entered into.

2.9 Basic financial assets

Basic financial assets are initially measured at the transaction price, including transaction costs, and are subsequently carried at amortised cost using the effective interest method. Basic financial instruments include the following:

Loans to members

Loans to members are financial assets with fixed or determinable payments. Loans are recognised when cash is advanced to members and measured at amortised cost using the effective interest method.

Investments held at amortised cost

Investments held at amortised cost are measured at amortised cost using the effective interest method less impairment. This means that the investment is measured at the amount paid for the investment, minus any repayments of the principal; plus or minus the cumulative amortisation using the effective interest method of any difference between the amount at initial recognition and the maturity amount; minus, in the case of a financial asset, any reduction for impairment or un-collectability. This effectively spreads out the return on such investments over time, but does take account immediately of any impairment in the value of the investment.

Held to Maturity investments

Investments designated on initial recognition as held-to-maturity is investments that the credit union intends, and is able to, hold to maturity. These are carried at amortised cost using the effective interest method. The fair value of some investment products will change during their life, but they will have a fixed maturity value at some future date. When designated as held-to-maturity, any change in the fair value during the term of the investment is ignored, with the credit union only accounting for interest received.

2.10 Other receivables

Other receivables such as prepayments are initially measured at transaction price including transaction costs and are subsequently measured at amortised cost using the effective interest method.

2.11 Impairment of loans to members

Sheephaven Credit Union Ltd assesses, at each balance sheet date, if there is objective evidence that any of its loans to members are impaired. The loans are assessed collectively in groups that share similar credit risk characteristics except for individually significant loans which are assessed on a loan by loan basis for impairment. In addition, if, during the course of the year, there is objective evidence that any individual loan is impaired, a specific loss will be recognised.

Any impairment losses are recognised in the Income and Expenditure account, as the difference between the carrying value of the loan and the net present value of the expected cash flows.

2.12 Basic financial liabilities

Basic financial liabilities are initially recognised at the transaction price, including transaction costs, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities are subsequently carried at amortised cost using the effective interest method.

Financial liabilities members' shares and deposits

Members' shares in the Credit Union are redeemable and therefore are classified as financial liabilities. They are initially recognised at the amount of cash deposited and subsequently members' deposits are measured at the nominal amount.

Other payables

Other payables are classified as current liabilities if payment is due within one year or less. Other payables are recognised initially at transaction price.

2.13 Tangible fixed assets

Tangible fixed assets comprises items of property, fixtures and fittings, and office and computer equipment, which are stated at cost, less accumulated depreciation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Depreciation is provided to write off the cost of each item of property, plant and equipment, less its estimated residual value over its estimated useful life. The categories of property, plant and equipment are depreciated as follows:

Freehold land and buildings	2% straight line
Office & Computer equipment	25% straight line
Fixtures and fittings	25% straight line

2.14 Impairment of tangible fixed assets

At each reporting end date, the Credit Union reviews the carrying value of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in the Income and Expenditure account.

2.15 Employee benefits

Defined Benefit Pension Scheme

Sheephaven Credit Union Ltd. participates in an industry-wide pension scheme for employees (The Irish League of Credit Unions Republic of Ireland Pension Scheme). This is a funded defined benefit scheme with assets managed by the scheme's trustees. The ILCU is the principal employer of the Scheme and Sheephaven Credit Union Limited is a participating employer.

The scheme is a multi-employer defined benefit scheme and there is insufficient information for Sheephaven Credit Union Limited to separately identify its share of the Scheme's underlying assets and liabilities. Consequently, the Credit Union accounts for the scheme as a defined contribution plan.

If an agreement is entered into with the Scheme that determines how Sheephaven Credit Union Limited will fund a past service deficit, Sheephaven Credit Union Limited shall recognise a liability for the contributions payable that arise from the agreement (to the extent that they relate to the deficit).

Defined Contribution Pension Scheme

Sheephaven Credit Union Ltd. also participates in a defined contribution pension scheme, to which some of its employees are members. Pension benefits are funded over the employee's period of service by way of defined contributions paid to an approved fund held with New Ireland Assurance Company Plc. Contributions are based on a fixed percentage of an employee's annual salary and the charge to the

Income and Expenditure Account reflects contributions paid and payable in respect of the year ended 30th September 2023.

Other Employee Benefits

The costs of short-term employee benefits, including holiday pay, are recognised as a liability and as an expense (unless those costs are required to be recognised as part of the cost of fixed assets) over the period they are earned.

2.16 Reserves

Regulatory reserve

The Credit Union is required to maintain and establish a minimum Regulatory reserve of at least 10% of the assets of the Credit Union in accordance with Credit Union Act 1997 (Regulatory Requirements) Regulations 2016.

Operational Risk reserve

The Credit Union has established an Operational Risk reserve which is separate, distinct and in addition to the reserves the Credit Union is required to hold in its Regulatory reserve. The amount held in the Operational Risk reserve is the predicted impact of operational risk events that may have a material impact on the Credit Union's business.

Other reserves – Realised reserves

Realised reserves are the accumulated surpluses to date that have not been declared as dividends returnable to members.

3. Use of estimates and judgements

The preparation of financial statements requires the use of certain accounting estimates. It also requires the Directors to exercise judgement in applying Sheephaven Credit Union Ltd.'s accounting policies. The areas requiring a higher degree of judgement, or complexity, and areas where assumptions or estimates are most significant to the financial statements are disclosed below:

Impairment losses on loans to members

The Credit Union's accounting policy for impairment of financial assets is set out in accounting policy in Note 2.12. The estimation of loan losses is inherently uncertain and depends upon many factors, including historic loan loss trends, credit risk characteristics in loan classes, local and international economic climates, conditions in various sectors of the economy to which the Credit Union is exposed, and, other external factors such as legal and regulatory requirements.

Impairment of buildings

The credit union's policy is to carry out periodic impairment reviews of the credit union's premises comparing the carrying value of each property to the market value at the balance sheet date. Impairment reviews are subject to the assumption that a market exists for the relevant property at the date of review. The estimates of impairment based on market value are recognised in the Income & Expenditure account in the period identified.

Pensions

Sheephaven Credit Union Limited participates in an industry-wide pension scheme for employees (The Irish League of Credit Unions Republic of Ireland Pension Scheme). This is a funded scheme of the defined benefit type, with assets invested in separate trustee administered funds. Judgement is required to assess whether Sheephaven Credit Union Limited has sufficient information to enable it to account for the plan as a defined benefit plan. An assessment has been performed of the information currently available and Sheephaven Credit Union Limited has determined that there is currently insufficient information available to provide an appropriate allocation of pension assets and liabilities.

4. Interest on members' loans

	2023	2022
	€	€
Closing accrued loan interest receivable	16,717	15,694
Loan interest received in year	749,865	749,325
Opening accrued loan interest receivable	(15,694)	(24,024)
Total interest on members' loans	750,888	740,995

5. Other interest income and similar income

	2023	2022
	€	€
Closing investment income accrued, receivable within 12 months	43,759	26,698
Investment income and gains received by the Balance Sheet date	106,459	50,470
Opening investment income accrued	(26,698)	(22,329)
Total investment income	123,520	54,839

6. Dividends payable

The dividends and loan interest rebate for the current and prior year periods were as follows:

	2023	2022
	€	€
Dividend paid during the year	-	-
Dividend rate:		
Members' shares	0%	0%

No loan interest rebate was paid for the current or prior year.

The directors recommend payment of a dividend of 0.25% (€52,452) for the year ended 30th September 2023, subject to agreement by the membership at the AGM.

No loan interest rebate is proposed for the current year.

7. Other income

	2023	2022
	€	€
ECCU rebate	0	0
Other commissions & fees	4,378	7,474
Other income	9,265	8,160
Total other income	13,643	15,634

7a. SPS refund

The Savings Protection Scheme (SPS) is a discretionary scheme funded by Credit Unions affiliated to the Irish League of Credit Unions (ILCU).

At the ILCU 2022 AGM, a resolution was passed to authorise a distribution from the SPS funds to all affiliated Credit Unions based on asset size.

8. Expenses

	Note	2023	2022
		€	€
Employment costs	9b	239,667	252,526
Pension funding deficit	19	0	278,590

Farm Loan	6.75%
Go Green Go Clean Loan	5.1%
Health Wealth Loan	6.75%
Sports & Leisure Loan	9.4%
Pearl anniversary Loan	4.3%

18. Additional financial instruments disclosures

18a. Financial risk management

Sheephaven Credit Union Ltd. is a provider of personal and business loans and also provides savings products to its members. The Credit Union invests excess funds with a view to ensuring that the return from members' loans and investments is adequate to meet the overheads of the Credit Union and provide a reasonable return to members on shares and deposits. The Credit Union has a risk register in place to help the directors manage the various risks arising from its activities to include the issuing of loans to members and investing the excess funds of the Credit Union.

The main financial risks arising from Sheephaven Credit Union's activities are credit risk, liquidity risk and interest rate risk. The Board reviews and agrees policies for managing each of these risks, which are summarised below.

Credit risk: Credit risk is the risk that a borrower will default on their contractual obligations relating to repayments to Sheephaven Credit Union Ltd., resulting in financial loss to the Credit Union. In order to manage this risk the Board approves the Credit Union's credit policy, and all changes to it. All loan applications are assessed with reference to the credit policy in force at the time. Subsequently loans are regularly reviewed for any factors that may indicate that the likelihood of repayment has changed. The credit risk on members' loans is disclosed in Note 12b.

The Credit Union's investments are also exposed to credit risk and the Credit Union mitigates the risk by only placing investments with financial institutions where the counterparties have strong credit ratings and using investment products authorised by the Central Bank.

Liquidity risk: The Credit Union's policy is to maintain sufficient funds in liquid form at all times to ensure that it can meet its liabilities as they fall due. The Credit Union adheres on an ongoing basis to the minimum liquidity ratio and minimum short term liquidity ratio as set out in the Credit Union Act 1997 (Regulatory Requirements) Regulations 2016.

Market risk: Market risk is generally comprised of interest rate risk, currency risk and other price risk. Sheephaven Credit Union Ltd. conducts all its transactions in Euro and does not deal in derivatives or commodity markets. Therefore, the Credit Union is not exposed to any form of currency risk or other price risk.

Interest rate risk: The Credit Union's main interest rate risk arises from differences between the interest rate exposures on the receivables and payables that form an integral part of a Credit Union's operations. The Credit Union considers rates of interest receivable on investments and members' loans when deciding on the dividend rate payable on shares and on any loan interest rebate.

18b. Interest rate risk disclosures

The interest rates applicable to loans to members are disclosed in note 17. The dividend on shares and interest on deposits is determined on the basis of income less administrative expenses and, as can be seen above, a consistent margin is maintained between interest receivable and dividend on shares. As a result, the surplus for the year is not particularly sensitive to interest rate risk and no sensitivity analysis is presented.

18c. Liquidity risk disclosures

All of the financial liabilities of the Credit Union are repayable on demand except for some members' shares attached to loans and members' deposits which have a fixed maturity date.

18d. Fair value of financial instruments

Sheephaven Credit Union Ltd. does not hold any financial instruments at fair value.

18e. Capital

The Credit Union maintains sufficient reserves to buffer the Credit Union against any losses on its members' loans and also its investments. The current Regulatory reserves are in excess of the minimum requirement set down by the Central Bank and stand at 12% of the total assets of the Credit Union at the Balance Sheet date.

19. Retirement benefit and similar obligations

The Irish League of Credit Unions Republic of Ireland Pension Scheme

Sheephaven Credit Union Limited participates in an industry-wide pension scheme for employees (The Irish League of Credit Unions Republic of Ireland Pension Scheme). This is a funded defined benefit scheme with assets managed by the Scheme's trustees.

On 31 March 2022, the defined benefit scheme ceased to accrual and although staff retained all the benefits that they had earned in the scheme to that date, Sheephaven Credit Union Limited and its employees ceased making regular contributions to the scheme and ceased earning any additional benefits from the scheme.

At the date of closure of the scheme, there was a past service deficit which was allocated to each individual credit union based on the total benefits earned by staff in each credit union. Sheephaven Credit Union Limited's allocation of that past service deficit is €278,590. This total cost was included in the Income & Expenditure account for the year ended 30 September 2022 and this deficit amount was paid to the trustees prior to 30/09/2022. During the year ending 30th September 2023 there were no contributions in respect of a past service deficit payable and hence no charge to the Income and Expenditure account.

As this is a pooled pension scheme, Sheephaven Credit Union Limited remains liable to cover the cost of their share of any future increase in the total cost of providing the pension payments to credit union employees who were part of the scheme. Sheephaven Credit Union Limited could exit the scheme and therefore never have to make a potential additional payment requirement but exiting the scheme would incur a substantial additional cost.

If credit unions exit the Scheme, they are required to pay to the trustees the exit amount which the trustees determine is required to fund benefits in respect of their active, deferred and pensioner members on a "no risk" basis. The exiting credit union thereby settles any liability they have to contribute to the Scheme in the future without increasing the risk for remaining credit unions.

20. Post Balance Sheet events

There are no material events after the Balance Sheet date to disclose.

21. Capital commitments

There were no capital commitments either contracted for or approved by the Board at the year end.

22. Insurance against fraud

The Credit Union has insurance against fraud for the year ended 30th September 2023 in the amount of €1,269,738 (2022: €1,269,738) in compliance with Section 47 of the Credit Union Act 1997, as amended.

23. Related party transactions

During the year loans were advanced to officers and related parties in the amount of €109,450 (2022: €177,605). These loans were approved in accordance with the Standard Credit Union rules and the Credit Union Act 1997 (Regulatory Requirements) Regulations 2016. The loans outstanding from these parties at 30th September 2023 were €357,399 (2022: €369,096). These loans amounted to 3.18% of total gross loans due at 30th September 2023 (2022: 3.48%).

There were no provisions against the loans due from the directors, management team or related parties at the current or prior Balance Sheet date.

The officers and related party share balances stood at €445,092 at 30th September 2023 (2022: €459,517).

24. Approval of Financial Statements

The financial statements were approved, and authorised for issue, by the Board on 16th November 2023.

Deposit guarantee scheme	22,769	20,828
Total other management expenses	395,298	384,904

HAVE YOU SET UP A CREDIT UNION NOMINATION?

This is a unique facility available to credit union members. Credit unions have a nomination facility whereby if you are over 16 years of age, you can nominate a person(s) to receive the property of your credit union accounts upon your death.

The Credit Union Act allows Members to instruct that in the event of their death, the value of their savings with the Credit Union passes to one or more specified persons.

The advantage of this is that the money is paid to the nominated beneficiary quickly and without any complicated process involving Solicitors or probate.

If you haven't set up a Nomination, it is very important that you do so. It doesn't cost anything.

If you have setup a Nomination, we urge you to consider if it is up-to-date and reflects your current wishes as things may have changed (e.g., change of marital or other circumstances) since you set it up.

Nominations are easy to set up. All you do is complete a simple form in the Credit Union. There is no need for Solicitors or any member of your family to be involved.

Nominations:

- Must be in writing and signed by you.
- You may change the details of your nomination as often as you like. A completed nomination must be signed and witnessed. Ask in the office and a staff member will help you complete the relevant form and witness your signature. The most recent nomination is the valid nomination.
- The Statutory maximum amount that can pass under a nomination is currently €23,000. Any amount in excess of this balance will form part of your estate.
- May be cancelled or amended by you at any time by giving any subsequent written instructions to the Credit Union before you die.
- A nomination is automatically revoked when your nominee dies before you. In this case, you should consider completing a new nomination. If you do not, your property in the Credit Union will form part of your estate.
- Cannot be varied by your will, which allows the Credit Union to make the payment without any complicated process involving Solicitors or probate.
- Cannot instruct that your savings pass to any Credit Union Officer unless they are in your family.
- Where your personal circumstances change (e.g., marriage, divorce or separation) you should review your nomination at that time.

If you would like to setup or update a Nomination call to our offices at Carrigart or Creeslough or telephone 074 9155866 or 074 9138765 if you require further information.
